

## Investment Management

Our open-architecture investment platform combines both leading research and expertise from CICC, with access to best-in-class managers across the broader market, giving you a full spectrum of opportunities to meet your investment goals.

			
Discretionary portfolios actively managed by Gobe portfolio managers	Carefully selected institutional-quality third party managers	Investments are risk-adjusted and outcome-oriented to achieve the desired level of risk/return and diversification	Strategies customized for both strategic as well as tactical allocations to suit your needs

### About Gobe Wealth Management

Gobe Wealth Management opened its doors in 2018 with the goal of providing a holistic approach to helping clients manage their finances in the United States. Capitalizing on the existing clientele and strong reputation of our parent company, CICC, we aspire to be the leading wealth management platform for cross-border clients between Asia and the US. Our operationally efficient and open-architecture platform, paired with the expertise of our investment strategists and advisors, work together to provide high-end, customizable solutions that suit each client's individual needs.
